

Balcombe Pest Control

Health & Safety Policy Statement

Balcombe pest Control is committed to the provision of quality pest control services By well-trained and supervised staff observing safe working practices designed to protect the health and Safety of all our employees, our customers and the public. Ensuring this commitment is an important management objective, which contributes to business success and efficiency.

It is the director's responsibility to maintain the policy and ensure that appropriate financial and physical resources are supplied for its implementation. In particular this management has a responsibility: -

To provide safe working conditions, taking into account of any statutory requirements
To provide training and instruction to enable employees to perform their work safely
To provide all necessary equipment and PPE and to supervise there use.

We remind all employees that they have a personal responsibility for their own Health and Safety and that of other people who may be affected by the work they do. They must ensure they follow product labelling for the safe use of pesticides, approved pest control techniques as detailed in their Pest Control Manual and liaise directly with their managers on any matter relating to health and safety.

Management are committed to Health and Safety and professional advice and training is sort from external specialist companies with respect to safe working at heights.

This policy shall be reviewed annually or when necessary.
